

Application Analyst

Denmark

Job reference:DK02507

Are you an ace at SAP BW, and can you support our SAP environment on a global scale? If so, you could be our new Application Analyst to join Danfoss IT in Nordborg. We are the central IT partner of the organisation, and our core competencies are to support our business users in their SAP ERP solutions. You can look forward to a new job in a proactive and international team of highly qualified IT experts.

Secure competent support and fast problem solutions

As Application Analyst your main responsibility will be to ensure that the system runs as smoothly as possible and to resolve all incidents in a fast and competent manner. You will interface closely with the Development team regarding the optimisation and roll-out of new solutions.

To succeed in this job you:

- control the continuous update of data in Danfoss' Business Warehouse database
- resolve the end-user issues
- identify and document the root cause to problems
- identify performance issues and optimise the system
- collaborate closely with your colleagues globally

You will be part of a creative and inspiring IT environment with challenging tasks. This could be your chance to gain in-dept technical understanding and, at the same time, develop your IT skills through knowledge sharing and further education. Working in a global company like Danfoss will open the door to many different career opportunities.

Experienced SAP BW expert with good communication skills

You are a SAP BW expert specialised within data loads, reports, performance analyses etc. In addition, you have a broad general IT knowledge and thereby the talent for analysing complex problems and finding suitable solutions. You thrive in the supporting role where you never compromise on the quality in your work and never give in before the user is satisfied. For this you need a persistent and responsible mindset, and you take pride in securing the best possible solution. As your workday will be filled with many and different tasks, you must be able to prioritise and act on your own. It is equally important that you know how to communicate in a decisive and competent manner and, in this way, be heard and understood.

For further information about the position,

please contact Application Support Manager, Morten Pors Simonsen at +45 2334 2104.

Danfoss Corporate Functions (CF) cover a variety of functions with responsibility for Finance, Law, CSR, IT, Communication and more for the Danfoss Group.

Danfoss A/S is one of Denmark's largest industrial companies. We have an annual turnover of around DKK 22 billion, and have around 26,000 employees worldwide. We provide solutions within Climate and Energy, a sector we see as a major driving force in the future world economy. We show leadership in business through reliability, excellence and innovation. No matter where you find yourself at Danfoss, the customer is at the center. Our work reflects our corporate behavior; trustworthy, innovative, global, with respect for local cultures and constantly working towards sustainable results.
