

Category Quality and Technical Manager

Danfoss Global Procurement
Denmark

Job reference:DK02259

Do you want to participate in shaping the future of procurement in Danfoss globally? If so, please apply for the position as Category Quality and Technical Manager for hot stamped and turned parts in Danfoss Global Procurement. We are responsible for strategic and tactic sourcing activities towards our suppliers. You report to the Director of Category Quality & Technique.

Develop our strategic suppliers and perform Code of Conduct audits

You are the quality and technical expert for hot stamped and turned parts with knowledge of our supplier's quality and technical capabilities. Moreover, you are responsible for leading improvements with our strategic suppliers within quality and technical optimisation of our hot stamped and turned parts. This job will give you the responsibility for several tasks, such as:

- Developing our strategic suppliers to ensure an excellent quality performance on supplied parts and the continuous improvement of our suppliers
- Identifying technical levers in cooperation with strategic procurement to reduce costs
- Ensuring compliance of Danfoss supplier quality requirements at strategic suppliers and monitor quality performance
- Performing Code of Conduct audits to secure supplier compliance

You can look forward to a challenging position in a global company with a strong market position, growth and focus on core competencies. You will navigate at all levels both internally and externally, and consequently the position will provide you with excellent opportunities to further develop yourself and your management skills.

Engineer with extensive experience with hot stamped and turned parts

Your educational background is preferably a Bachelor's degree within Engineering topped with at least 3 years' working experience. In addition, you

- have extensive experience with hot stamped and turned parts and related processes, standards and specifications
- are familiar with APQP, PPAP, complaint handling and auditing suppliers
- may have knowledge of ISO 9001 and ISO/TS 16949
- are a strong team player with good people skills and have the ability to impact stakeholders at different organisational levels
- have a high personal drive and is result-oriented

For further information about the position,

please contact Director of Category Quality & Technique, Ralph Hardt, at +49 16090546019.

Danfoss A/S is one of Denmark's largest industrial companies. We have an annual turnover of around DKK 22 billion, and have around 26,000 employees worldwide. We provide solutions within Climate and Energy, a sector we see as a major driving force in the future world economy. We show leadership in business through reliability, excellence and innovation. No matter where you find yourself at Danfoss, the customer is at the center. Our work reflects our corporate behavior; trustworthy, innovative, global, with respect for local cultures and constantly working towards sustainable results.
